**Drain Familiar** ♦ **Frequency** Once per day; **Requirements** Adelita hasn't acted yet on this turn.

**Effect** Adelita expends the power stored in her cacodaemon familiar. This gives her the ability to cast one prepared spell she had already previously cast today, without spending a spell slot. She must still Cast the Spell and meet the spell's other requirements.

**Enchanted Hook** ♦ (attack) If Adelita's last action was to cast a spell, she can make a Strike with her hook hand gaining a status bonus to the attack and damage roll equal to half the spell level's expended spell slot.

**Quickened Spell** ♦ (Concentrate, Metamagic, Wizard); **Frequency** once per day; **Effect** If Adelita's next action is to cast a cantrip or a spell that is 4th level or lower, reduce the number of actions to cast it by 1 (minimum 1 action).
